SHUNYATA VILLAS BALI

the resort

Our award-winning Eco Luxury Resort is located on a cliff on the east coast of Bali, in the Karangasem region - with its well known places such as Pura Besakih, Tirta Gangga, the Sidemen rice terraces, Tulamben and Amed. By reaching the region – especially coming from Denpasar – you will notice that the streets are getting smaller and smaller, the flat landscape develops into a picturesque scenery with lush green rice fields, surrounded by hills and impressive mountains, a colorful street-life and the beautiful shore with it's deep blue water.

A rarely driven road is winding along the coastal line between Candi Dasa and Amed across the royal water palace Ujung to Seraya. The village of Seraya is probably one of rarest places to dive deep into the traditional and yet openminded lifestyle of the islands. Several trails around the resort invite you to get up close and personal with nature, filled with greenery, tropical forests and a large number of biodiversity. The temples and shrines you will find in every house around our resort are a symbol for the lively culture that is present in the area.

Away from the hustle and bustle of the city and mass tourism, Shunyata Villas Bali offers a perfect place to relax, lean back and soak up the peace of nature. Furthermore it's an ideal starting point for day trips to mystic temples, stunning snorkeling spots, picturesque rice fields and almost untouched forests.

Shunyata Villas Bali comprises of five individually designed villas that are peacefully embedded into a 5.600 m² tropical garden and pure nature, a restaurant with a panoramic view of the ocean and the surrounding islands as well as SPA facilities dedicated to pure relaxation and peace of mind.

The complex is surrounded by the ocean with its special energies in the south, by an old ritual temple to the east and, to the west, by the majestic volcano Mount Agung, the holy mountain of the island. The village Seraya in the direct vicinity presents a romantic and still original part of Bali with views to the islands of Lombok, Nusa Lembongan and Penida.
